

Internet Sales Policy

All wholesale accounts selling Studio M products on the Internet must either have a successful brick and mortar storefront carrying the same type of product as posted on their website or an online store with its own shopping cart, check out process, and unique URL that represents appropriate categories.

- Internet-only websites must be full-time operations with professionally-designed site graphics and user interface, and must be regularly updated or freshened.
- All third-party online marketplaces such as Amazon.com, Walmart.com, Sears.com, etc. are **strictly prohibited**. We are not interested in opening accounts that use these types of platforms.
- eBay, Yahoo!, Auction sites, Boomerang or other internet stores of similar nature are also not eligible for consideration.

Minimum Advertised Price (MAP) Policy

Competitive pricing pressures have led to aggressive discounting that threatens to damage the value of Studio M and our products. As of July 1, 2017 we implemented a minimum advertised price (MAP) policy to help protect Studio M and our retailer partners. This policy defines the minimum price you may advertise our products, but in no way restricts you, as a retailer, from determining your final selling price. **Please visit studio-m.com/MAP to review the specifics of our MAP Policy.**
